A Wild Adventure

Luxury Campsite in lap of nature and forest, explore wildlife and remote wilderness

Forest Camp

Forrest (Rajaji National Park) is spread over 10 acres and emanates luxury and affluence clubbed in the ambience of wilderness. This wildlife resort promises to invigorate and sustain the enduring buzz of encountering adventure and its actualization! Whilst you are relaxing at the resort, you have every chance of catching a rare glimpse of the animals in their natural habitat.

This luxurious resort amidst the thick lush green forest is interspersed with the majestic Ganges and other water bodies. The serene environs calls for an experience to be one amongst ferocious tigers, swift leopards, solitary bears, creepy cobras, bellowing deer's and chattering monkeys. One gets the chance to enjoy the blissful pristine natural habitats interspaced with the tranquility of the surroundings.

As our commitment to social and environmental engagement and accountability, we at Forrest take it upon ourselves to provide a sustainable experience both to the tourists and the local inhabitants. We expect and appreciate that as visitor one values and respects the local traditions and protect the majestic natural environment while hiking and biking in the wonderful surroundings of forest, mountains and streams.

While staying at Forrest Rajaji National Park Resort, explore the bio-reserves of the Shivalik eco-system and get acquainted with the contrasts and colours of nature and tour the forest. Meet the dwellers of the forest or walk along the trails with the innocent and interesting creatures.

More than 500 Elephants, 12 Tigers, 250 Panthers and good prey base including Spotted Deer, Sambhar, Wild Boar, Barking deer, Goral, Himalayan Black and Sloth Bear, and over 400 bird species makes Rajaji National Park a perfect Wildlife and Bird Watching destination.
